Optum

Discover the benefits of Optum Home Delivery and CVS Pharmacy

Optum® Home Delivery and CVS® can help you easily manage your prescriptions through the **CVS90 program.**

How the CVS90 program works

CVS90 gives you the option to fill a 3-month supply of the medications you take regularly at Optum Home Delivery or a CVS Pharmacy. The choice is yours.

Your time to enroll is limited

- Your plan covers a limited number of 1-month refills from a retail pharmacy. After the grace fills run out, you may pay the full price for your medication.
- After your allowed fills, **you must choose to fill a 3-month supply of your medications through Optum Home Delivery or a CVS Pharmacy. You may pay the full price if you don't make a choice.**
